Dear Sir/Madam:

Re: Reference Letter for GP Services

GP Services is a regular supplier of various types and sizes of valves which is used by our company on a daily basis. I have found these valves to be reliable and of high quality. I have been satisfied with the quality of the products that GP Services has been providing us over the years.

I can always depend on GP Services to provide excellent service, technical advices and products that are readily available when requested. Having a reliable supplier is of utmost importance to us at WINDALCO and it is on this basis, that I can confidently recommend them to your organization.

If I can be of further assistance, please feel free to contact me by email at Joel.Powell@rusal.com or by telephone at 577-7515.

Yours sincerely,
