

Ag. Nikolaos plant, 16/01/2018

Subject: PERFORMANCE CERTIFICATE

We, ALUMINIUM of GREECE, certify that SHANGHAI HEAT TRANSFER EQUIPMENT CO., LTD has supplied, via it's European representative company, GP SERVICES FRANCE, the equipment called Welded Plate Heat Exchanger as Interstage Cooler.

The medium used for this equipment is slurry and water.

This equipment has been commissioned successfully, it is currently under operation since 2014 and gives total satisfaction.

Since 2014 a total of 5 units of Welded Plate Heat Exchanger as Interstage Cooler have been supplied to our plant in Greece, under the brand of SHANGHAI HEAT TRANSFER EQUIPMENT CO.,LTD.

For and on behalf of Aluminium of Greece

Ploutarchos TATSIS

A handwritten signature in blue ink, appearing to read 'Ploutarchos TATSIS', written over a blue circular scribble.
