

ALTEO GARDANNE

GP SERVICES
455 rue du colonel de Casteljaou
39000 LONS LE SAUNIER.
FRANCE

Dear Sir,

Since 2008, GP SERVICES is a regular supplier of various type of equipments like manual and automatic valves for our Alumina plant, ALTEO, located in south of France.

Beyond those supplies, GP SERVICES brings the real capital gain to ALTEO by advising us on technical problems.

We have been satisfied with the quality of the products that GP SERVICES has supplied, and with the sales assistance and technical advices that they have been providing us. They are serious, competent and reactive.

Hence we recommend to any plant, to consider the possibility of any business cooperation with GP SERVICES.

Best regards,

Amandine JOZROLLAND
MRO Purchaser

AJ.
